

I'd like to join the Pets with Disabilities "Healing Hearts – Critical Care Team"

By joining the CCT , you will be supporting the most special-needs at PWD with your monthly gift. Your donation goes toward providing top-notch medical care and treatment for dogs in need, including those who are severely neglected , traumatized, and have painful physical scars or debilitating conditions that require extensive and ongoing medical care.

The Healing Hearts –Critical Care Team will make it possible for us to care for any dog that arrives at PWD, no matter how challenging their case or what their needs are. On the Available dogs section of the website, this logo will designate the dogs benefiting from this team, we will tell the dog's ongoing story over time with updates from our veterinary staff and caregivers. The CCT is a critical part of these special dogs lives, ensuring that these extraordinary souls receive the extra care they need when they arrive at PWD, so they can be rehabilitated back to good health and then placed in a very good home. We continue to follow their stories even after they've been adopted!

Pets with Disabilities is a non-profit 501C3 – all donations are tax deductible
